Transformational Travel: Celebrating **Pueblo de Dios** and **Advent**

July 11-18, 2023

What is transformational travel?

As Paul writes in Romans 12:2: “Do not be transformed by the pattern of this world, but be transformed by the renewing of your mind.” Thus our purpose is to learn how God is working within us and in El Salvador, to strengthen friendships and build community with our Salvadoran siblings in Christ and each other, to gain new perspective and return to our church community at Advent TRANSFORMED.

What will we do this summer?

- Worship, celebrate, laugh, and enjoy our time with our siblings in Christ in Calderitas
- Learn about Salvadoran history and current reality
- Inspire others and be inspired
- See how God is at work in El Salvador and in our lives
- Strengthen our sister church relationship
- Learn about another culture and ourselves
- Connect with the sister church office and other delegations
- Eat pupusas!

Sistership History: Pueblo de Dios & Advent

- Advent started visiting El Salvador in 2010
- In 2014 we signed our sistership agreement with the Lutheran Church in Calderitas
- In 2015 we participated in the official blessing of the name of the church: Pueblo de Dios
- In 2016 we helped get the new worship space ready
- In 2023 YOU can travel with a group from Advent and continue strengthening our relationship. We look forward to spending even more time with our friends from Calderitas and Pastor Christian Chavarria.
